Hi Steve,

Sorry it took so long. Here you go.

As for the Arochor 1248, they double checked and it all indicates 1248. She can supply the chromatographs.

Regards,
Teresa

I apologize for not attaching the 2nd page. I'm pretty certain that the sample has aroclor 1248 but I will check with Priscilla and see what she thinks. I'll get back with you.
